6 Weeks and ongoing

www.toscanastudioandgallery.com

Designed for all skill levels, students work at their own pace. We will explore design elements, color theory, experimenting with materials and techniques. Most importantly we will be tuning in to the authentic artist within, learning to see abstractly. Have fun with the creative process, and be open to the unexpected. Students will work in acrylic on large scale canvas 36" x 36" or larger.

Course is on-going and can be repeated.

Students may sign up at any point for a 6 week period as the instructor will work with each student individually.
